

11th International Conference on Plant Protection in the Tropics (11th ICPPT)

“Treasuring the Present, Sustaining the Future”

INVITATION

The Malaysian Plant Protection Society (MAPPS) is pleased to organize the 11th International Conference on Plant Protection in the Tropics (11th ICPPT) from September 14 - 15, 2022, at Aloft Langkawi Pantai Tengah, Langkawi, Kedah, Malaysia. You are cordially invited to participate in the conference.

14-15 SEPTEMBER 2022
LANGKAWI, KEDAH, MALAYSIA.

SUBMISSION OF ABSTRACTS

Submit abstracts for oral or poster presentations. Submission of the abstracts deadline is June 30, 2022. Please send your abstract, together with information on the presenting author, as an attachment per e-mail before the deadline. More detailed information will be provided in the second announcement in April this year. In addition, updates will be regularly posted on the MAPPS website, <https://mapps.org.my/>

IMPORTANT DEADLINES

Abstracts due : 30 June 2022
Payment due : 31 July 2022

Welcome to

LANGKAWI

VENUE AND ACCOMMODATION

The 11th ICPPT will be held at Aloft Langkawi Pantai Tengah, Langkawi Kedah. Langkawi Island offers pristine beaches with white sand and hidden coves, mountains rising to sheer heights straight from the sea, tropical forests with fascinating wildlife, mangroves with ancient caves, islets and lagoons, local eateries offering Malay delectables, adventure sports, and friendly locals. The beaches are narrow strips from where we can see natural rainforests, and the town resembles a serene and picturesque countryside view. Among wonderful places to explore while here; Pantai Cenang with its white sandy beach, Pantai Kok which is more serene, and nature's best-kept secrets such as the eagle feeding near Tanjung Rhu and fishing surrounding Beras Basah Island. Langkawi has something for everyone!

“TREASURING THE PRESENT,
SUSTAINING THE FUTURE”

PROGRAMME

The 11th ICPPT with the theme “Treasuring the Present, Sustaining the Future” will focus on developments in the science of plant protection and discuss challenges faced by researchers, practitioners and consumers on problems related to plant protection. The programme will accommodate a keynote address with plenary speakers, concurrent oral sessions and poster presentations.

WHO SHOULD ATTEND

Academics, scientists, industrialists, environmental and natural resources experts, policy makers, entrepreneurs, students, post graduate researchers and interested individuals.

The conference will cover the following subjects;

- Plant Pathology
- Entomology
- Biocontrol and Biopesticide
- Biosecurity and Invasive species
- Biotechnology and Diagnostic Advancement
- Internet of Things (IoT) in Agriculture Smart Farming
- Epidemiology and Modelling
- Good Agriculture Practices
